

POLICIES & PROCEDURES

The National Museum of the United States Army is committed to the safety of our visitors and protection of the Museum. When you arrive at the Museum you will proceed through a security screening similar to airport passenger screenings. Please be ready for this screening process when you enter the Museum by having your bags open and ready for inspection and emptying your pockets before going through the screening station.

Items Not Permitted in the Museum

- Food and drink to include candy and gum. Sealed water bottles, empty water bottles and baby milk or formula are permitted and may be consumed in non-exhibit areas only.
- Firearms and ammunition; real or replica. federal law enforcement officers are authorized to carry at all times; local law enforcement may only carry while on official business.
